

# Workshop on mathematical models and scientific computing in fluid mechanics

November 26 (Wed.), 2014

Venue: Auditorium, 6F, Astro-Math Building (NTU Campus)  
北市大安區羅斯福路四段1號天文數學館6樓演講廳

November 26. (Wednesday), 2014

10:30~11:00	Registration
11:00~12:00	<p>Prof. Tso-Ren Wu (National Central University)</p> <p>吳祚任教授 (國立中央大學)</p> <p><i>3-D Simulation on the Sever Local Scour Induced by Tsunamis</i></p>
12:00~13:15	Lunch
13:15~14:15	<p>Prof. Keh-Ming Shyue (National Taiwan University)</p> <p>薛克民教授 (國立台灣大學)</p> <p><i>Numerical methods for weakly compressible two-phase flow</i></p>
14:15~14:30	Break
14:30~15:30	<p>Prof. Chun-Hsiung Hsia (National Taiwan University)</p> <p>夏俊雄教授 (國立台灣大學)</p> <p><i>On the time periodic solutions and the asymptotic stabilities of GFDs and the related equations</i></p>
15:30~15:45	Break
15:45~16:45	<p>Prof. Shih-Chun Hsiao (National Cheng-Kung University)</p> <p>蕭士俊教授 (國立成功大學)</p> <p><i>Some topics on wave interaction with coastal structures: experiment and numerical modeling</i></p>
16:45~17:15	Discussion
